Welcome to Venice Smoke Free Life and Health and Thank You for visiting our site. We opened a retail store at the Ginger Bread Court at the world famous Venice Beach Boardwalk mid May 2012. We were inspired to launch an electronic cigarette retail store because we had quit cigarette smoking using electronic cigarettes and there are very few retail outlets available in Los Angeles area to feel and touch the products before buying. We wanted to take the blindness away from buying on-line and also provide personal consultation for individual's preferences. Customers can try out different devices with friendly technical help. Friendly and personalized service with a smile. We carry Kangertech/Joyetech/Smoktech and other quality manufacturers' products, many types of electronic cigarettes, disposables, starter kits, accessories such as replacement batteries/atomizers/cartomizers/cartridges, and organic/natural E-Liquid made in USA. Hope to see you at our store!

E-Cigarette Brands:: Kanger, Joyetech, Smoktech, Kamry, Skyda
