

The E-Cigarette Store

733 Crossroads Plaza
Tega Cay Shopping Center
South Carolina 29708
United States

Phone: 803-396-8305

The E-Cigarette Store is in the business of helping those who are looking for better alternatives to smoking. We would like to take part in helping those in our area to discover smoke-free alternatives and a better life-style. We are here to help the customer to make a comfortable transition from smoking traditional cigarettes to vaping electronic cigarettes. We will only sell the customer what they need, and educate them on how to effectively use our products. We want to give all of our customers a successful and happy experience! We educate all customers with adequate knowledge about the products that they buy from us. We will not waste your hard earned money by selling you an expensive product that you don't need. We will make sure you feel comfortable with how to use any of our products before you leave our store. Feel free to try our kits before buying, and we offer free sampling on all of our e-liquids. We will try to help you tailor the best product to your specific need, in the best economical way possible!

E-Cigarette Brands:: eGo, Kanger, Revolution Vapor
