The Vape Tank NW is the premiere Lynnwood vape shop and vape lounge. Come enjoy our relaxed atmosphere, knowledgeable staff, high quality e-cigarettes & mods, and top shelf e-juice! We can accommodate customers who know nothing about e-cigarettes / vaping looking to learn more about making the switch, to expert cloud chasers looking for the latest mech mods, RDAs, and builds for huge clouds and intense flavor, to everyone in between. We have personally used every piece of hardware we offer so we can give personal recommendations on the best fit for your vaping needs. We also offer a fully stocked vape tasting bar, so grab a seat and sample one of our top shelf lines of juice- totally free with no pressure to buy. We have highly trained coil builders who can make you the perfect build for your device, and can also teach you how to do it yourself! We offer cleaning and repair services for all your devices. So what are you waiting for? Stop by today! We aren't your normal vape shop. We are vape enthusiasts and love the vaper community. Please feel free to come hang out, play some xbox 360, watch the game on one of our 2 flat screen tvs, show off your latest built and learn a new one! When we call ourselves a vape lounge that is exactly what we mean — a place to

come in and kick it! We never have a high pressure sales guy nagging you to buy buy buy. We encourage you to hang out and just have a great time. We keep late hours to fit everyone's schedule. Open 7 days a week. Friday and Saturday night we are open till 10pm! We even have a free coffee & water bar, along with a munchie snacks corner.

E-Cigarette Brands:: Kanger Tech, Innokin, Ego, EVOD, Aspire, Lightning Vapes, Propaganda, HCigar, Tobh, Vapor Meme, VM Liquids, Lake Vape, Luxe Liquid Vapor, Nitecore
