UK's specialist in 100% VG, Organic and Max VG e-liquids. All our 100% VG e-liquids are completely PG free (including the flavouring) and our Max VG e-liquids usually only contains PG in the flavouring. Most people that have an intolerance to PG are perfectly fine with our max VG liquids, but if you are highly sensitive or simply wish to cut out PG completely and go Organic we have a big selection of 100% VG E-liquids from top brands at your disposal. We work closely with leading brands to offer you the best e-liquids available and ensure that only the best ingredients are used in the products we sell. All our 100% VG e-liquids are made using natural and organic flavours with no artificial flavours or colours added. We only source e-liquids from the UK and US.
