

Giant Vapes

76 Commercial Way
East Providence, Rhode Island 02914
United States

Phone: (855) 482-7375

Giant Vapes was created in September of 2013 with a single goal: to make the best e-liquids on the market available in one user-friendly, unified place, saving vapers time and money. As the vape industry has grown, so have we, expanding our selection of products, our involvement in the vape community, and our staff to meet the growing needs of our customers. And, of course, we've continued to increase savings for our customers. We offer free shipping for all US and overseas military addresses, and discounted international shipping to countries around the world. Our products are listed at the minimum MSRP, so that our customers pay the same price with us that they would ordering direct from the manufacturer. We've implemented a rewards program where our customers can earn points, redeemable as store credit, with every purchase. We also have regular sales and promotions, including a weekly discount code for our Facebook Community!

Giant Vapes is a company founded by vapers, for vapers. We built this business with the best interests of the vaping community in mind, and we will continue to dedicate ourselves to providing premium products at great prices and exemplary service to vapers around the world.
