---

Newcastle, England  
United Kingdom

All of Foxy Vape eliquid's are manufactured right here in the UK from the highest quality ingredients, made in proper pharmaceutical laboratories, best flavours, highest quality pharma grade ingredients, fully tested vapour juice production, 100% TPD-compliant. This means that here you can only buy and vape the safest vape refill juice available. We continue to search for new pure clean safer vape liquid's to offer our customers a simple but safe range of liquid flavours. As for the e juice flavours, rather than offering an enormous selection of mishmashed flavours and letting the good ones float to the top, we seek to provide solid, high-quality single-note flavours you'll want to return to time and time again. We are committed to getting you great deals on high quality safe vape juice and best quality innovative vape products, quickly and cheaply delivered to your home from our store.
